Karl Studt	129	135	131	395

The day was warm but pleasant. The match being held in the morning beat the heat wave expected during the balance of the week. Wind was very light if at all present and only during the latter half of the match. There were torrential downpours of rain the night before so all was wet but pleasant none the less.

Seven shooters were in competition with the winner going to the one who could most consistently do a good series although most at any given time do series approaching 170. Congratulations to Erhard for his excellence and consistency in shooting. Also a special congratulations to Mark Peabody who achieved his personal best with the free pistol today.

Arrangements are being made for the State Championship. We anticipate having it in September. Additionally beginning in winter, we probably will shift the match format to be considered a USA Shooting league so the results accrue to the shooters national average and USA standing. This tends to add a bit of spice to the mix. We will probably be doing the same for the air pistol competitions. Look ahead for the details.
