However there are several shooters with their own targets which we anticipate will be loaned to the club for this event. We anticipate having at least 4 loaner shot Markers for a minimum of 60 shooters on 4 relays. We will announce 30 days prior to the match how many more targets are available. To ensure your entry among the first 52 you must submit an entry **WITH** payment. Entries after 52 will be placed on a wait list and advised and given at least 30 days notice on extra targets available. We will soon have a document available with information, policies etc for use of these targets. To the extent possible all the Minn clubs have agreed to use this guide so you should be able to shoot at any club once you have a brief training session. This document will be emailed to all in the North Star data base and posted on mrra.org. Paper score cards will be used copying shot values from the tablet or cell phone monitor. Score cards must be signed by shooter and score keeper and are the official record. NRA rules require the caliber of each shooter be entered in the system.
